

STUDENT SATISFACTION SURVEY

In the current academic session 2 meetings are organized by the IQAC chaired by Principal cum Chairman of IQAC with the students to know about their feedbacks on student satisfaction on the overall institutional performance. About 300 students were chosen as sample respondent to know about their level of satisfaction with regard to different activities undertaken during this academic year in the college. The following are the findings of the students satisfaction survey after getting the feedback from them through questionnaire:

1. All the students are quite satisfied with the class room teaching, examination system and administrative process.
2. Students are also satisfied about the laboratory arrangements and library support.
3. Students and parents are highly satisfied on the opportunity provided to them to participate in different sports and game activities.
4. Some of the students express that dissatisfaction not having girl's hostel inside the campus.
5. They were not fully satisfied with the availability of canteen inside the campus.

After receiving the feedback on student satisfaction survey from the students, the IQAC and the principal of the college organized a meeting to discuss various problems faced by the students and a decision was resolved to proceed on construction of Girl's hostel in coming 2 years & to strengthen the technical side of the students.
